

MANITEX INTERNATIONAL WELCOMES WALTER PAYTON POWER EQUIPMENT TO KNUCKLEBOOM DEALER NETWORK

BRIDGEVIEW, IL., September 18, 2017 – Manitex International, Inc. (NASDAQ:MNTX), a leading international provider of cranes and specialized industrial equipment, today announced the addition of Walter Payton Power Equipment LLC to its PM model distributor network. Headquartered in Riverdale, IL with five locations across four states, Walter Payton Power Equipment locations will provide sales and service for PM articulating cranes “knucklebooms” in the Midwest of North America. Initial orders of PM cranes have been placed, with deliveries expected to commence in Q3 2017.

Walter Payton Power Equipment is the largest crane and heavy equipment distributor in the Midwest with full-service facilities in Riverdale, IL, Lebanon, IN, Evansville, IN, New Albany, IN and Taylor, MI, offering new and pre-owned equipment from leading manufacturers including Manitowoc, Grove, Manitou and Talbert. Walter Payton Power Equipment’s factory trained parts and service team provides industry-leading customer service and support from purchase through delivery, and customer care and maintenance, with the Walter Payton team there to help every step of the way.

Samuel Rooke, PM Business Manager, said, “We are pleased to add such a high-profile dealer as Walter Payton Power Equipment with its proven track record in the industry to the PM distribution family. They are a leader in crane sales, service and technical support, and we look forward to building a mutually rewarding long-term relationship with the WPPE team.”

The PM articulating knuckle boom offers a unique opportunity for us at Walter Payton Power Equipment to expand our crane distribution model to new industries and applications. The commitment PM has made to a very substantial facility here in North America, with spares and inventory support in Georgetown, Texas will enable us to maintain our commitment to the highest level of service for our customers,” said Brian Lynch, General Manager of Walter Payton Power Equipment.
