

George Patterson

Bennett and Brosseau Roofing, Inc.

George Patterson serves as President for Bennett & Brosseau Roofing, Inc. He is responsible for managing the day-to-day activities of estimating, operations, accounting, sales and marketing. George's comprehensive roofing expertise and knowledge is continuously cultivated through hands-on troubleshooting and problem solving of an assortment of roofing applications for a wide range of customers including industrial, commercial, institutional, retail, and more. He is the 2016 CRCA President and serves on the Industry Affairs Committee.

George's proficiency centers on the investigation, design and repair of roof and waterproofing systems. He also serves as the company's liaison for technical information and assistance. George fosters industry relationships through affiliation with the CRCA, MRCA, NRCA, ASA, SMACNA, CRC, RCI, and CAC-RCI.

George studied Aeronautical Engineering while attending the University of Illinois Champaign-Urbana.
